

**BUILDING, ZONING, & REVITALIZATION COMMITTEE
MEETING MINUTES
September 21st, 2015
7:30 p.m.**

Call to Order: Chairperson L. Durkin called the meeting to order.

Attendance

- **Committee members present:** Chairperson L. Durkin, Councilor M. Golden, Councilor T. Danilak and Councilor M. Marlowe.
- **Committee members absent:** None.
- **Others present:** President D. Pancoe, Vice President R. Bunker, Borough Manager G. Locke, and Director of Finance B. Lucy.

Public Comment: Alison Danilak, 152 Walnut Street, and Gerry Connolly, 146 Walnut Street, wanted to address the property maintenance issue taking place at 148 Walnut Street. Mrs. Danilak and Mrs. Connolly stated that the property has been vacant for months now and is in need of immediate attention. Mrs. Connolly and Mrs. Danilak spoke to the trees being down at 148 Walnut Street and extending over into adjacent properties. Also in the back of the property there is tall grass and carpets that have been laying around for months. The adjacent property owners do not want to see this property in bad condition and can no longer maintain it on their own. Borough Manager G. Locke stated that they have received Mrs. Connolly's complaint and went out to the property to write a letter to the homeowner. Borough Manager G. Locke wanted to also ask for permission to go onto Mrs. Connolly's property due to the concerns not being seen from the Public Right Of Way. Borough Manager G. Locke stated that he would be in touch with Mrs. Connolly and Mrs. Danilak regarding ramifications if the owner does not comply with the letter.

Featured Items for Discussion

- **2035 Comprehensive Plan Update** – Chairperson L. Durkin wanted to highlight the Comprehensive Plan Steering Committee Meeting. The survey has been distributed to the public, they've had 600 responses for this survey which has turned out to be very successful. Chairperson L. Durkin reminded the Committee that meetings for the comprehensive plan are the 1st Thursday every month.
- **Short and long term plans for parking solutions** - Chairperson L. Durkin wanted to talk about the parking problems in Jenkintown Borough. The agreement for the Lindy Parking lot has been signed and the Borough will lease out 12 spaces in the Leedom Lot as well as 22 spaces at 207 Leedom Street. The 12 spaces in the Leedom lot will be programmed in the new kiosk, however, the spaces in the lot in front of 207 Leedom Street will be free parking. Parking in the lot at 207 Leedom Street will only occur from 6pm until 6am. Chairperson L. Durkin also reached out to the County Planning Consultants to help with the long term & short term parking solutions. They will continue to look for grant opportunities, but there is not a grant opportunity at this moment. It was noted that the Surface lot that was in planning on the corner of York Road and Summit Avenue has been put on hold due to the building not being allowed to be demolished.

Items for Information

- **Paving Schedule:** Chairperson L. Durkin stated that the residents on this year's paving program have expressed their concern regarding the amount of time given to complete the concrete work. Due to this

concern, Chairperson L. Durkin wants to give the residents as much time as possible to complete the 2016 Paving Program, therefore, Chairperson L. Durkin would like to send out the preliminary notice for the curb and sidewalk repairs. Concerns were raised that the schedule is only temporary and not set in stone on which roads and being paved next year, however, Chairperson L. Durkin wanted to send out notice to those temporarily scheduled.

- **Jenkintown Planning Commission Report** – Chairperson J. Rose reported that the Planning Commission met earlier in the evening and discussed the Land Development Waiver for 215 York Road as well as the Land Development Application for 101 York Road. The Planning Commission recommends that the waiver for 215 York Road be granted although it must satisfy parking requirements. As for 101 York Road, the Planning Commission would like to see the Zoning Hearing Board Conditions were set as well as the side agreements that were agreed upon by both Glanzmann Subaru and Borough Council. They will continue to meet and discuss the application for 101 York Road.

Chairperson L. Durkin made a motion, seconded by President D. Pancoe to move the Land Development Waiver for 215 York Road to full Council.

Motion passed 6-0

- **2015 Paving Project** – Borough Manager G. Locke stated that there is a meeting scheduled on October 6th with PennDOT's Auditing department will meet with the Borough Engineer, as well as a few members of Council regarding the 2015 Paving Project and the contractor being supplied the wrong mix by the asphalt plant which was used on 2/3 of the paving project. Liquid Fuel monies cannot pay for this mix. Borough Manager G. Locke will update the Committee and Council when more information is received.

Ongoing Items

- **Update of Zoning Code** – Chairperson L. Durkin stated that updating the zoning code will be delayed until 2016.
- **204 Wyncote Road, 108 Walnut Street and 206 Township Line Road** – No new updates.
- **Lindy Recyclable Dumpster** – Chairperson L. Durkin wanted to discuss the Lindy Recyclable Dumpster. This Dumpster would have a fence around it and only take up one space in the parking lot. Plans were distributed among the Committee members. Chairperson L. Durkin wanted to see a rendition of the plan.
- **Septa Train Station Update** – No new updates
- **Banner over York Road for Town Square Parking** – Borough Manager G. Locke has not received an update from Director of Public Works T. Frank regarding the signage and banners on York Road for the parking in Town Square. Borough Manage G. Locke will continue to receive updates on the possibility of these signs.

Adjournment: On motion of Chairperson L. Durkin, seconded by Councilor T. Danilak, the motion adjourning the meeting passed unanimously.

Memorandum

TO: Jay Conners, Chair Public Works
FROM: George Locke, Borough Manager
RE: LED Procurement Program DVRPC
DATE: September 8, 2015

This information was provided by Liz Compitello, Senior Research Analyst, D.V.R.P.C. includes important notifications for program participants about 1) A Regional Streetlight Procurement Program Kickoff Meeting on October 1st and 2) hiring a technical advisor to serve the program.

1) Regional Streetlight Procurement Program Kickoff Meeting – October 1st at DVRPC

What: Kickoff Meeting for the Regional Streetlight Procurement Program

When: Thursday, October 1; 9:00am – Noon. (Coffee and light refreshments provided)

Where: Delaware Valley Regional Planning Commission in Philadelphia

Meeting Summary: All program participants should attend. This kickoff meeting will provide important information that participants need to know, including a detailed overview of the program to date, next steps and what to expect, and a brief presentation on LED street lighting controls.

Draft agenda:

- RSLPP RFP and specification
- ESCO selection process
- What to expect when working with the ESCO: pre-contract audit, investment grade audit, and project implementation
- PennSEF program and financing
- GIS map and data collection for existing and upgraded street lighting systems
- Technical presentation on LED street lighting controls

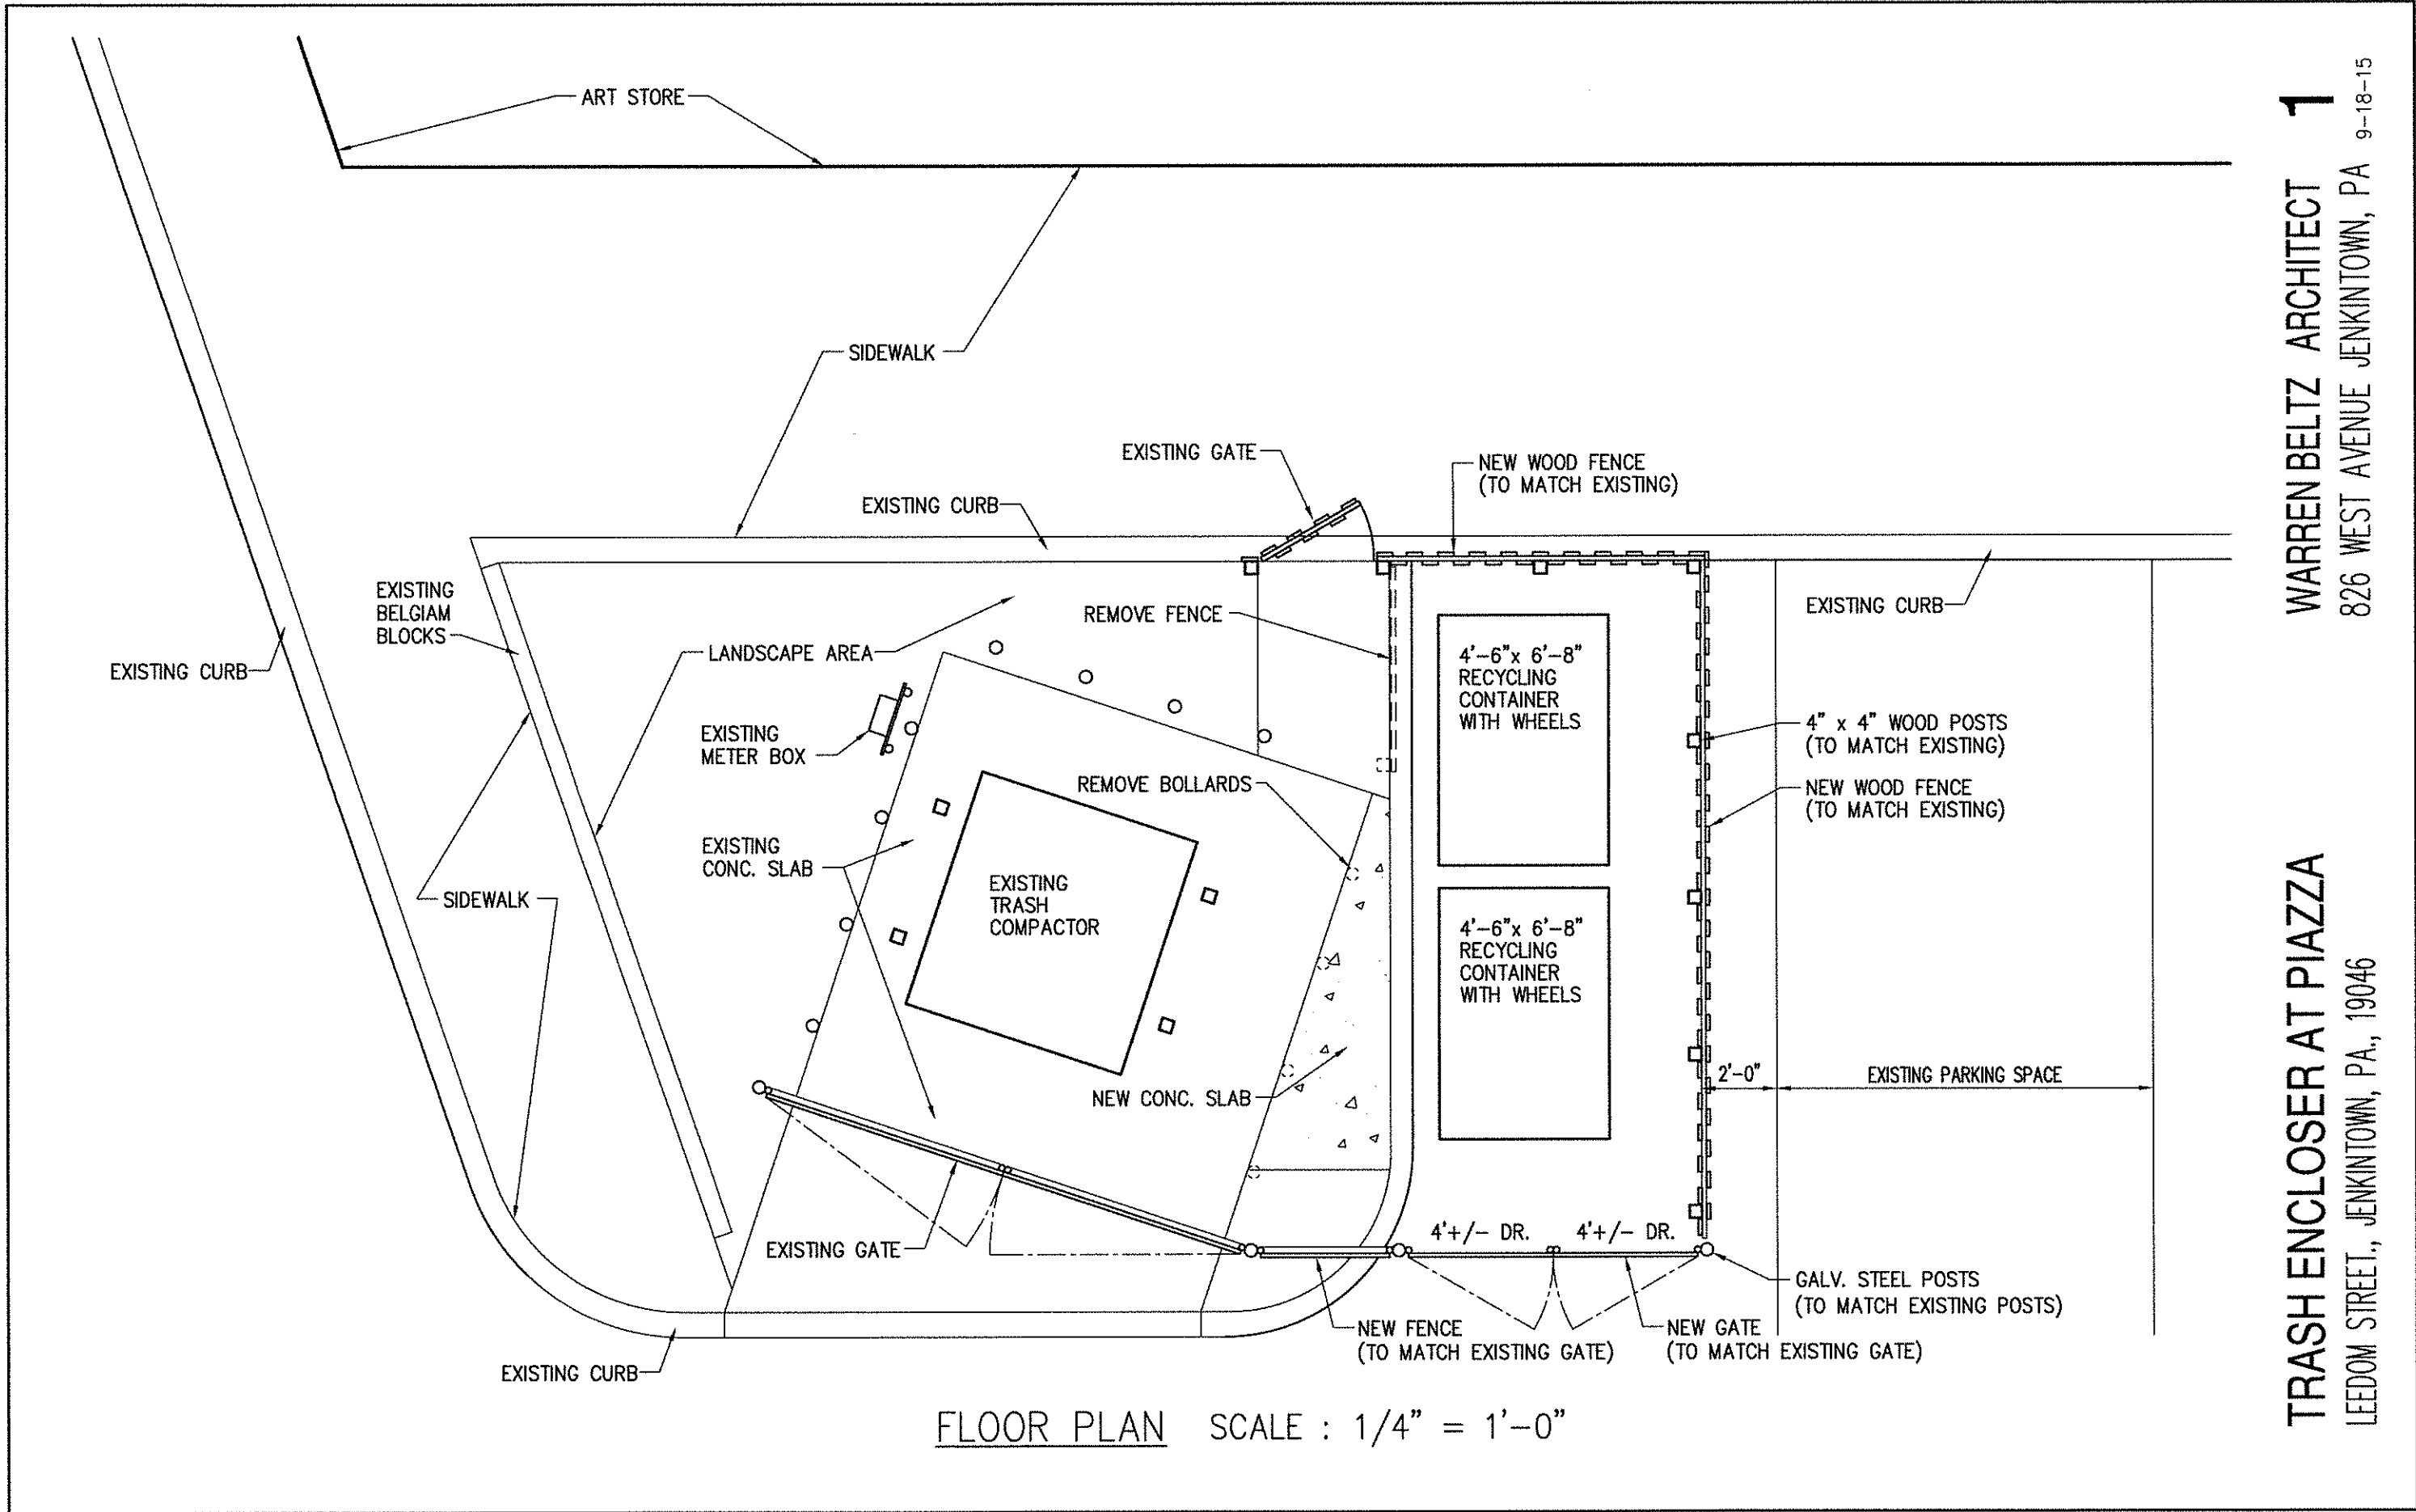

Please RSVP by Thursday, September 10th: Yes I will attend, No I cannot attend (We strongly encourage each participant to attend this kickoff meeting. If you are unable to attend, please let us know as soon as possible.)

2) Hiring a technical advisor to serve the program:

The RSLPP steering committee issued a solicitation in July to explore the feasibility of hiring a technical advisor to assist with the program. The committee evaluated the two proposals, and have identified Keystone Lighting Solutions (KLS) for this work. If hired, KLS will assist with several whole-program tasks including (1) *conduct a detailed review of the draft RFP for technical merit and comprehensiveness*, (2) *conduct a technical review of the Lighting Specification for technical merit and comprehensiveness*, (3) *Review all elements of the ESCO proposals submitted to ensure that they meet the requirements listed in the RSLPP RFP and specification*, (4) *review aspects of the ESCO bulk procurement approach*, and (5) *offer advice on long-term maintenance strategies*. The cost of these services is estimated at \$15,000 (or ~\$300 per participant). If municipal participants are supportive of hiring KLS, DVRPC will seek approval from our board on September 30th to pay upfront the full amount of these whole-program services, and municipalities will reimburse DVRPC through this program's financing upon bond closure. This means that there will be no upfront costs for the technical advisor's services to municipalities.

If your municipality has questions about or concerns with hiring a technical consultant technical advisor, please contact your county-consortium/COG rep in Bucks County: (Eileen Bradley, New Britain Township), Chester County: (Kevin Kerr, Upper Uwchlan Township), Delaware County: (Craig Totaro, Lansdowne Borough), or Montgomery County: (Stacy Crandell, Montgomery Township).

Questions: Contact Liz Compitello, Senior Research Analyst, Delaware Valley Regional Planning Commission ecompitello@dvrpc.org, 215-238-2897
