2020 STATE OF THE BOROUGH BUDGET STATEMENT

TO: Jenkintown Borough Council
FROM: George Locke, Borough Manager
RE: 2020 Annual Borough Budget Statement
DATE: December 11, 2019

I am pleased to present Borough Council with the Proposed 2020 Budget, totaling \$8.5 million dollars. All funds, with the exception of the [01] General Fund, are currently adequately funded and will carry, at minimum, the fund balance recommended by Government accounting guidelines through the 2020 budget cycle. In 2020, the [01] General Fund will comprise 48.40% of the budget and carries the large majority of the Borough's operating expenses.

A significant portion of the 2020 [01] General Fund revenues are generated from the Act 511 taxes, which are mostly paid by Businesses, Employers and Commercial Property Owners. Those revenues have fallen \$195,713 from 2018 and collections fell to a 2017 level. Additionally, there was a return of \$60,000 that had to be issued from this classification of taxes. In most cases these one-time expenses are generated by Commercial tax payers who mistakenly payed the incorrect Municipality. Throughout 2019 the Borough continued working with e-Collect, a third-party tax / collection specialist to assist in reducing and/or eliminating future occurrences of this liability while working to identify tax collections that should have been made to Jenkintown Borough. These efforts have identified approximately \$50,000 in tax dollars owed to the Borough. In continuing the communities unwavering support of the Borough's First Responders, Borough Council completed the planned purchase of the 2019 Spartan Aerial Fire Apparatus for the Jenkintown Fire Department. The [04] Fire Apparatus Fund that was established through the recommendations provided in the Borough Council commissioned "VFIS/Dr. Jenniway", Fire Equipment Assessment Study, provided the framework of the funding for the approximately 1.2 million dollar purchase to replace the Borough Fire Department's aging twenty year old Fire Apparatus, and will provide the Borough's First Responders with the latest lifesaving equipment available. This fire apparatus has a useful life expectancy of twenty-five years.

Also, 2019, saw the first full year of the elimination of the per-capita tax, a reduction of approximately \$19,000 was realized in the Act 511 tax revenue category. In addition to the aforementioned causes of revenue shortfall, an increase in expense can be anticipated with the JPD collective bargaining agreement currently being negotiated and increased health care costs due to the insurance provider no longer offering the health care plan previously afforded to the Uniform employees.

Additionally, while the tax assessment reduction appeals had slowed and somewhat stabilized in 2019, the real estate assessment for Jenkintown Borough provided by the Montgomery County Board of Assessment had a slight decrease from the 2018 level, with that stated there have been both residential and commercial properties that will be added to the tax rolls in 2020 that had not previously been taxable as presented.

To offset and overcome the reduction in revenues the Borough successfully applied a concerted effort to identify available grant funding opportunities that directly applied to projects that addressed immediate Borough needs. These efforts produced \$2,455,157 in funding from Federal, State and County Agencies for projects that will create or improve; Storm water management, Accessibility, Sanitary sewer, Fire life/safety, Green/open space facilities within the Borough.

Moreover, Borough Council's stated goal was once again to eliminate or minimize any potential tax increase presented in the 2020 budget. While the detailed and thoughtful analysis/review performed by Borough Council during the public budget meetings produced several cost reduction measures, and insured that all other Funds are adequately funded, the expense reductions could not offset the revenue shortfall in the General Fund.

In conclusion, the 2020 Budget contains a proposed increase in tax millage assigned to the [01] General Fund, setting the millage rate for this fund at 5.33 mills will result in a tax millage increase of .40 mills and equate to approximately \$60.00 on a property assessed at \$150,000.

2019 - MAJOR ACCOMPLISHMENTS

- **Grant Funding** – The Borough Administration through the Administration and Finance Committee, identified grant funding sources for necessary Revitalization, Capital Project/Infrastructure and open space projects within the Borough. The Borough individually applied and received approximately \$1,455,157 in grant funding for projects in 2019. Additionally, the Borough filed a joint municipal grant application with Abington Township to improve pedestrian safety, upgrade traffic control lights and mitigate flooding at the intersection of Washington lane and Greenwood Avenue. That joint Municipal grant was awarded in the amount of \$1,000,000.
- **Sanitary Sewer** – Again utilizing the Sanitary Sewer Rehabilitation Study performed in 2016, the Borough identified the Pa State Small Water Grant to fund the required sanitary sewer repairs on the Borough owned sanitary sewer mains this time located in the West Avenue drainage basin. The Borough applied for and received this grant (\$394,000); bid, awarded and project expected to be completed by years end. The sanitary sewer from Jenkintown Borough traverses Cheltenham Township. That conveyance line "Interceptor A" was mandated to be upgraded by the PaDEP at a cost of over 14 million dollars to which the Borough's responsibility was 11%. This improvement along with the sewer mains and lateral repairs within the Borough should allow the continued release of EDU connections, lower costs of sewage treatment and protect the environment from unwanted discharges. Additionally, the Borough has awarded a contract to PFM Consulting to value the Borough main sanitary sewer system. The sanitary sewer system is the single largest capital asset owned by Jenkintown Borough.

- **Infrastructure upgrades** – Continued to coordinate infrastructure projects with utility providers (Gas, Electric & Water) to improve safety, minimize disruption to services, maximize cost savings and minimize disruption to Jenkintown Borough tax payers. PECO Gas installed (.5) miles of HP Gas main, new services and safety meters. Aqua Pennsylvania installed one and a half (1.5) mile of new high capacity watermains. Jenkintown Borough installed six (6) storm water inlets and associated piping. Jenkintown Borough also continued the comprehensive paving project, there was one half (.5) mile of roadway repaved and one (1) mile of residential sidewalk evaluated and improvements made to bring the sidewalks back in to code compliance. Installed 4 ADA accessible curb cut ramps. JBPWD completed several road base repairs aimed to extend the life of those existing roads.
- **Borough Administration** – The Borough Administration worked to implement cost saving measures established by the new Finance Director, worked toward the common goal of providing the best possible services at the lowest possible costs to the Borough's tax payers. The Borough added a Full time Fire Marshal / Building Inspector to staff. There is a significant savings to be realized by having a Borough Code Officer rather than an hourly third-party inspection agency. This program has been very successful in being able to Administer Council's policies as they apply to Public Safety, Property Maintenance and Revitalization.
- **Parking** – Continued cultivating cooperative parking share agreements with property owners to provide night time parking for Borough businesses. Modernization of parking meters and installation of additional kiosk pay stations. Installed and implanted ParkMobile so visitors can pay electronically by phone at all curbside meters. This option has been successful and has shown increased use since implementation. Regulations are being made more uniform, signage has been upgraded and public notifications are made more frequently to keep the public informed of changes such as the Free Holiday Parking Schedule.
- **CLEARGOV** – Continued refining financial reporting software “CLEARGOV” that allows for public access and review of all Borough funding revenues / expenditures. Jenkintown Borough was the first Municipality in Pennsylvania to provide this software, placing the Borough in the forefront of Municipal financial transparency. CLEARGOV has evolved with other platforms that will enable the Borough to continue to provide transparent accounting of Borough projects and affairs.
- **Information Technology** – Continued providing ‘live real time feed’ of all Borough Council meetings on the Borough website and IT security upgrades.
- **Municipal Planning** – Fostered a productive partnership with the Montgomery County Planning Commission, and completed the Borough wide “2035” Comprehensive Plan.
- **Highway Safety** – Continued Borough wide street sign replacement program with high reflectivity signage. Implemented replacement plan and installation of traffic safety striping with upgraded thermo-plastic material.
- **Revitalization** – Continued fostering cooperative efforts with developers and property owners to populate the commercial districts and revitalize the flourishing business district.
- **School Zone Safety** – Completed the installation of the School Zone Safety signals on Walnut Street and replacement of existing school zone warning lights on West Avenue. Completed project for the planning, and installation of new School Zone Safety signage on Greenwood Avenue.

- **Borough Code Update** – Reviewed and revised Borough Code Chapter 156 Streets & Sidewalks bringing the Code current with improved construction means and methods as well as current Borough standards. Reviewed and revised several Chapters of Borough Code including fire safety and Fire Departments.

2020 – STATED GOALS

- **Community Planning** – Continue to foster our productive partnership with the Montgomery County Planning Commission. Provide support to the Borough Planning Commission whose extraordinary efforts have been on display working to preserve the Historic thread of Jenkintown Borough working alongside County and State agencies.
- **Jenkintown 2035 Comprehensive Plan** - The Jenkintown Borough Planning Commission has undertaken and will continue to move forward with the implementation of the “Jenkintown 2035” Jenkintown Borough Comprehensive Plan. Historic preservation, Economic development, Open space and Parking are areas of the Plan that immediate work was begun, and progress has been made on thus far.
- **Jenkintown/Wyncote Train Station ADA Improvements** – Borough Council, JBPC and Borough Administration has continued working through the FTA Section 106 ADA Access review process. The Borough plans to continue to be engaged in this project and providing input to generate the best possible outcome from the Federally mandated ADA access improvements. Additionally, the Borough plans to be engaged in the new SEPTA Parking facility which will be located at 165 Township Line Road including but not limited to attending meetings and providing valuable input regarding the ascetics and pedestrian / vehicle access to the facility.

- **Sanitary Sewer Projects** – The replacement of the sanitary conveyance system carrying Borough sewer through Cheltenham Township and on to the Philadelphia waste water treatment plant began in late 2017. That conveyance line “Interceptor A” was mandated to be upgraded by the PaDEP at a cost of over 14 million dollars to which the Borough’s responsibility was 11%. This improvement along with the sewer mains and lateral repairs within the Borough should allow the continued release of EDU connections, lower costs of sewage treatment and protect the environment from unwanted discharges. Additionally, the Borough has awarded a contract to PFM Consulting to value the Borough main sanitary sewer system. The sanitary sewer system is the single largest capital asset owned by Jenkintown Borough.
- **Joint Municipal Partnerships** – Continue working on cooperative projects with neighboring municipalities in order to continue stormwater, sewer, paving and traffic/street lighting projects at a cost savings to the Borough tax payers. Additionally, begin the implementation of the grant with Abington Township to improve pedestrian safety, upgrade traffic control lights and mitigate flooding at the intersection of Washington lane and Greenwood Avenue. That joint Municipal grant was awarded in the amount of \$1,000,000.

- **Infrastructure Upgrades** – Work to complete the PECO utility pole project, coordinate efforts with PECO to install new gas mains on Runnymede Avenue (Cloverly to Rodman), Florence Avenue (West to Runnymede), Walnut Street (West to Runnymede) and Hillside Avenue (Walnut to Florence) The 2020 Borough paving project, handicap ramp installation, storm water inlet replacements / repairs.

The General Fund [01] is the largest fund in the Borough budget, and includes operating expenses for the Administration, Police, and Public Works Departments. The General Fund also has the largest percentage allocation of the real estate tax millage (currently 5.33). Revenue and expenses for the following purposes are applied to this fund: real property taxes, local enabling taxes, legislative body expenses (administration), tax collection, information technology, building and plants, police department, planning and zoning, leaf disposal, public works, traffic signals and street signs, parking facilities, participant recreation, capital lease principal and interest, unemployment, employee insurance and benefits, reserve, mercantile tax, and operating transfers. The revenue shortfall appears to be from the elimination of the Per-Capita Tax, decrease in Business Privilege Tax with expenditure increases in Planning and Zoning, uniform employee benefits and the Borough's Fund Balances.

CURRENT FUND STATUS – The 2020 budgeted fund balance is estimated at \$191,833 or 4.6% of the 2020 budget revenues. It is Council's goal to ultimately maintain a minimum general fund balance of 10% of the annual revenues.

A portion of these costs are shared by Jenkintown Borough. The sewer fees have been previously adjusted to cover the Borough's percentage of financial responsibility for present and future costs of required corrections.

CURRENT FUND STATUS - The fund is presently solvent and actions have been taken to maintain that status. A rate increase of 10.0% was implemented in 2015 to insure all estimated construction and treatment costs will be covered. It is hopeful that this rate increase will offset the construction and treatment cost for the next three years. The 2020 budgeted fund balance is estimated at \$491,092 or 112.8% of the 2020 budget revenues.

09 SOLID WASTE COLLECTION FUND

PROPOSED 2020 BUDGET:	Revenue: \$338,370	Expense: \$367,304

FUND FUNCTION - The Solid Waste Fund (09) is for the collection of trash and recyclables in the Borough. The primary revenue source is the fees paid by property owners for the service. At this time the Borough's waste is collected curbside by Republic Waste Services and that contract expires in January 2020 with a two-year option.

CHANGE OVER 2019 PROJECTED FINAL:	Revenue: (\$1,567)	Expense: \$5,207

FUND FUNCTION - The Debt Service Fund (20) receives revenue from dedicated tax millage. In 2014, Borough Council reinstated the Debt Service Fund [20] with a dedicated millage of .88 mills. The Debt Service Fund [20] millage was allocated by lowering the General Fund Millage [01] so that funds would be applied to debt service as intended and not rely on a fund transfer to facilitate the payment. At the time of this report the outstanding balance due on the General Obligation Note is \$2,002,102.51.

CURRENT FUND STATUS - The projected total revenue and expense is balanced in this fund for 2020.

CHAIR, ADMINISTRATION & FINANCE COMMITTEE 2020 BUDGET DISCUSSION

TO: Jenkintown Borough Council

FROM: David Ballard, Chair, Administration & Finance Committee

RE: 2020 Budget Discussion

DATE: December 16, 2019

- The increase in the General Fund millage of 0.4 mills represents about a 5% increase in overall borough Real Estate tax rate (from 8.153 mills to 8.553 mills) and an increase of a little over 8% in the General Fund millage rate (from 4.93 mills to 5.33 mills). The increase in millage will raise about \$112,000 in revenue, given the borough wide real estate valuation of around \$285 million.
- Due to reassessments of property values over the years, the borough's total Real Estate assessment has fallen from levels of around \$305 million in 2004, so a decline in assessed value of about \$20 million, or about 6.5%, over those years. And these are nominal figures for the borough's tax base and are not adjusted for inflation. Because the costs faced by the borough are affected by inflation across nearly every element of the budget, and by contract provisions in some areas, accounting for inflation in these comparisons matters. Adjusted for inflation, the 2004 assessed real estate valuation for the borough -- \$305 million – would be \$389 million in 2019 dollars. This represents an additional, and significant, effect on the buying power of borough revenues. Compared to that inflation adjusted 2004 tax base of \$389 million, the borough's current real estate tax base is currently over 25% smaller than it was in 2004. This council, like past councils, has tried to manage these revenue dynamics as effectively as possible for the benefit of borough residents and taxpayers.
- Business Privilege Taxes have also been challenged. While more and more storefronts in the business district are occupied, some large tax payers – Merrill Lynch and the tax accounting firm Eisner Amper come to mind – have left, and there may be others leaving the borough in the near future.

- On a positive note looking forward, there is new development taking shape and new businesses locating in the borough. Summit House should be open for occupancy in 2020, and there are developments at 93 York, Homestead Hall and Church of Our Savior, and the Chelsea that will be taking shape and moving toward completion in the coming year. New businesses will also contribute to the borough's revenues, such as the headquarters of Terra Vida, with a potential for over 80 employees on site, and the new dental facility going into the old Dunkin Donuts, among others. The borough's lineup of excellent and varied restaurants has also continued to expand.
- The borough is also making sure that existing businesses are paying the right amount of taxes to the borough.
- Around 2015, the General Fund budget included an end of year balance of over 20% of annual revenues, and this figure was believed to be unnecessarily high by the then council – there was no need for the borough to hold such amounts of taxpayer dollars as a running balance over the course of the year. Therefore, over the past several years the annual budgeting processes have allowed this balance to decline steadily. The current budget projects an end of year 2020 balance of around \$192,000, which at around 5% of the \$4 million or so in anticipated General Fund revenue is a more appropriate target for the end of year balance. However, this change means that an element of slack that had been available in recent budget years will no longer exist.
- The majority of spending from the General Fund, and close to a majority of overall borough spending, is or is related to maintaining public safety, especially our excellent police force. The borough is rightly proud of its police and fire services, and council understands that we, and the borough, delegate hazardous and unpleasant responsibilities to the men and women who provide those services, and that they stand ready 24 hours a day to put their lives at risk in the course of their duties. However, the borough also delegates financial oversight of these public safety organizations to council, and in the coming year council will work to come to a better understanding of how these services are provided and whether there are economies that could be pursued that would not detract from the quality and reliability of the services the borough currently enjoys.
- I want to thank Chief DiValentino and the Police Department and Chief Lynch and the Jenkintown Fire Department for their inputs and cooperation in the budget preparation process, especially with the difficult task of finding potential savings and paring down individual parts of the 2020 budget. I also thank the other budgeted borough organizations, such as the Rec Board and the Environmental Action Council, for their contributions and efforts in the budget preparation process. Gratitude also goes to borough administrative staff – George Lodge, Rick Ware, Kevin Lynch, and Shelby Smith – for bringing their knowledge and expertise to the budget process, and to members of Borough Council, who bring their own experience, perspectives, and expertise to the budget considerations.
