Joe,

Based on our review of the architectural plans, the vertical and horizontal offsets for the 4<sup>th</sup> floor appear to have been addressed. I defer to George for any additional comments. Khal

Khal / George –

As requested, please see attached updated architectural drawings that confirm all required vertical/ horizontal offsets that are required per the design standards. A section has also been provided to demonstrate the pitched roofs more clearly.

Please let us know if you require any additional information. Our team at Thriven design is copied on this email as well.

Thanks,  
Joe
