Notable news:

- Our next EMT class starts January 27th 2026 the early registration deadline was 12/1/25
- SARS continues to ask that as many area residents as possible contact their state representative and urge them to support House Bill 1152 which provides for patient protection, direct payment to EMS, and a state regulated fee schedule for 911 EMS response
- Act 54 of 2024 includes a provision that allows municipalities in the counties abutting Philadelphia to implement/increase a dedicated ambulance tax millage to 5 mills. Previously this amount has been capped at 0.5Mills without a referendum and 1Mill with a referendum. SARS request to the municipalities is for 0.25Mills. At present Abington, Jenkintown, and Hatboro all have a dedicated EMS tax of 0.05Mills.

SARS 2026 Pay Scale:

2026 Provider Pay Scale

MEMORANDUM

TO: George Locke, Borough Manager

FROM: Khaled Hassan, PE., Borough Engineer

DATE: January 2, 2026

SUBJECT: Engineer's Report (JENK 0000) for January Council Meeting

As requested, and in preparation for the January Council meeting, we prepared this engineer's report for your review and consideration:

1. Sewer Lateral Reviews for Properties Being Sold in Borough

To date, and since the requirements for sewer lateral inspections have been implemented, **391 lateral reviews** have been received and submitted. Summary reports based on video and written reports received have been completed.

2. Mather Road Storm Sewer Culvert Failure - (No update since the last report)

The major failure of the existing storm sewer culvert has been repaired 100%. The repair required the reconstruction of approximately 10 LF of the invert of the storm culvert, reconnection of two storm water laterals and reconnection of one sewer lateral to the sanitary main. The failure of the culvert resulted in a large area of the roadway being undermined and the failure of the three laterals. The undermined areas of the roadway have been restored with a combination of flowable fill and 2A stone compacted stone. The roadway has been patched with temporary asphalt and final paving will be placed in early fall. No additional updates (See Cedar to Walnut Storm Sewer project)

3. 821 Homestead Drive

Meeting held on May 12, 2025 at the site to discuss curb, sidewalk, and inlet tops between Borough, Applicant, Borough Engineer and PECO. The following was determined:

- ADA ramp at the intersection of Homestead and Old York Road must be completed per the HOP/LD plans. PennDOT will be performing review and approval of this ramp as part of the HOP permit.
- Curb along Old York Road from the ADA ramp at Homestead and Old Road, down to the first PECO vault will be constructed at 6" reveal. From that point and down towards the C-top inlet, the curb will transition down to about 4" reveal to match existing grades and to maintain a 2% (max) cross slope. If necessary, the cross slope can be reduced to 0.50% due to the longitudinal slope.
- The 3 inlet tops (two C-Tops, 1 M-Top) have to be replaced due to excessive damage, exposed rebar, etc. Curb should taper 5' min on either side of the C-Tops to match the top of the curb

piece. Sidewalk should be poured flush to the top of the curb piece to avoid the tripping hazard the current tops present.

- The project will be responsible to complete permanent trench restoration across Old Roak Road, prior to Kehoe Construction mill and overlay project under a PennDOT contract.
- The sidewalk will be installed flush with the top of the curb and a paver pattern against the curb per the approved plans.
- Bobby will reach out to PECO regarding the adjustments to the curb and sidewalk around the new vault. Bobby will also inquire if PECO will replace the grate cover for the older vault before pouring the sidewalk.
- Bobby asked Jeff Lustig and his contractor to ensure that the debris and removed curb currently left in the sidewalk area be removed. Additionally, the area behind the curb needs to be backfilled in accordance with the drop-off detail shown on the HOP Plans at the end of each working day so as to not present a roadside hazard.
- Jeff is waiting on a response from the Borough is the existing sidewalk by the PECO vaults can remain or if it has to be removed and replaced. If the sidewalk is determined that it can remain, then cutting the sidewalk to install the pavers will still be needed and new 4" curb will have to be installed.

Change order for retaining wall landscaping was received on June 10, 2025. Submitted to Borough for review.

Streetscaping along Old York Road almost complete. Pending PECO to adjust vault and Penndot to adjust curb. Also waiting on developer to complete replacement of Type C inlet top units and concrete sidewalk behind curbline.

Pending request from developer to complete a punchlist inspection to prepare a list of improvements that have not been completed.

4. MS4 Annual Progress Report

- a. MS4 update sent to Borough on May 23, 2025 to be included in June 25, 2025 Borough Council Meeting.
- b. **MS4 YR 7 annual progress report was submitted to PADEP on September 30, 2025.**

5. Wyncote & York Road Grocery Store Land Development Application

As-built plan approval review 3rd submission, Punchlist approval review 3rd submission, and maintenance bond calculation sent to Borough and Applicant on August 27, 2025. **Project in maintenance period beginning May 13, 2025 through November 13, 2026.**

6. Chapter 94 Report

Chapter 94 Report 2022 submission was completed and set out on March 31, 2023.

Received flow data and calibration reports from the Borough on 3/10/25. 2024 Chapter 94 report was submitted to PA DEP online on 3/31/25. Two (2) copies of the report were hand delivered to the Borough on 4/8/25.

No update since the last report.

7. 501 Washington Lane LD (Preliminary/Final)

Project completed and in the Maintenance Bond Period. Maintenance Bond will expire on October 24, 2026. A punchlist inspection prior to the expiration of the Maintenance Bond will be completed 3 months before expiration around July 24, 2026.

8. 2023 Green-Light-Go Grant Application (Year 8)

Assisted Borough staff preparing and refining the grant application due on January 31, 2023. The scope of work includes upgrades to the Walnut & Runnymede traffic signal including a new controller and a new mast-arm, as well as other minor upgrades such as signal heads and retroreflective backplates.

Awards were announced on August 11, 2023. The Borough was awarded \$51,160 to fund Phase 1 upgrades to the Walnut & Runnymede Traffic Signal.

The final intersection configuration plans have been finalized and provided to the Borough for review. Next steps include evaluating the Traffic Signal Easements and advancing the Phase 1 approvals and bid package. Working with the Borough Manager to advance this coordination-

Phase 1 improvements submitted to PennDOT for review on May 16, 2025. While project costs were eligible, PennDOT commented that this may not be competitive for ARLE due to lack of crash history. See #26 below.

9. 101 York Road

This project is the proposal of a Take Five Oil Change business. This project went in front of Council at their regularly scheduled meeting on February 22, 2023 and was granted a waiver of land development.

Project is prepared to start construction of the new business when they have obtained the applicable permits from the Borough.

10. 219 Washington Avenue

Removed row of hedges along existing driveway and installed modified stone in lieu of hedges approximately 9" in width and 25-ft in length for an approximate increase in impervious area of 20-sf. Completed a high level zoning review and submitted to staff on March 22, 2023 for comment from the Borough Staff.

No update since last report.

11. 610 Old York Road

Pennoni had a meeting with the Applicant's engineer to discuss what is needed for detailed sewer flows to complete a review of the Available Capacity Letter. Still Pending sewer flows for review from the Applicant's engineer.

Obtained sewer flows from Applicant's engineer on January 22, 2025. Review will be completed on week of February 17, 2025.

Pending revised plans for review based on latest review letter

12. Borough Hall Renovations

Local share grant for \$900,000 was approved for submission on November 27, 2023 Special Council Meeting and the grant was submitted on 11/30/23.

Renovations have not been started yet as of December 12, 2025

13. Cedar & Washington Stormwater Improvements

Stormwater improvements along Cedar St and Washington Lane have been completed. Final payment application paid and project in maintenance bond period. **Maintenance bond period will expire on October 9, 2026. A punchlist inspection prior to the expiration of the Maintenance Bond will be completed 3 months before expiration around July 9, 2026.**

14. 2024 Paving project

Project completed and in maintenance period which expires on November 19, 2026. A punchlist inspection will be completed 3 months prior to expiration of the maintenance bond period on or about August 21, 2026

15. Washington & Walnut Pedestrian Improvements

We are developing a plan to incorporate traffic calming features to improve pedestrian access at this intersection. Specific improvements targeted include a raised crosswalk, and a curb extension (bump-out) along with associated pavement markings and signage. Currently coordinating the improvements with adjacent projects. Draft sketch has been provided to Borough Manager. **Location included in Montco 2040 grant application submitted 3/3/2025. No update since the grant submission.**

16. Wyncote and Summit Crosswalk upgrades and All-Way Stop evaluation

Responding to a request to evaluate the subject intersection to improve the crosswalks and evaluate for an all-way stop. Desk evaluation complete, field evaluation complete. Waiting on data collection from JPD. Draft sketch with a raised crosswalk provided to Borough Manager. **Location included in Montco 2040 grant application submitted 3/3/2025.**

17. Vernon & Vista Intersection Improvements

Updated sketch and provided a final version to Borough Manager with quantities. Curb extension was completed with the CDBG ADA Ramps project. Additional intersection improvements included in Montco 2040 grant application submitted 3/3/2025. **No update since the grant submission.**

18. CDBG ADA Ramp Project

Final payment application completed and sent to County for approval on July 25, 2025. County approval received August 8, 2025. Final payment application sent to Borough for processing and payment on August 7, 2025. Project is in maintenance period until June 17, 2027.

19. 459-471 Old York Road Mixed Use Development

Pending completion of Land Development review for submission to the Borough in time for PC meeting.

Pennonni received and began review of Applicant's PennDOT Highway Occupancy Permit (HOP) Cycle 2 Submission.

Revised sewer facilities planning module (SFPM) submission received on 3/7/25. SFPM Component 3 Section J and 4A mark-ups were provided to the Borough on 3/31/25.

Submitted Preliminary LD Plan review letter (1st Submission) on March 28, 2025.

Revised plans submission received on April 28, 2025. Revised submission currently under review.

Completed review of revised plan submission and submitted a draft version to Borough for review on May 15, 2025.

Submitted 2nd review letter date May 16, 2025 on May 16, 2025 to the Borough and Applicant. Pending revised plans addressing the comments in the review letter.

Obtained Preliminary Land Development approval from Council at the regularly scheduled meeting on June 25, 2025.

Traffic Review completed and to be submitted on the week of August 17th, 2025.

Obtained Final Land Development approval from Council at the regularly scheduled meeting on August 27, 2025.

Received HOP plan submission for review on October 2, 2025. Completed review of the revised HOP Plan submission.

Completed a review of the escrow and submitted markups to the Applicant's engineer on November 10, 2025.

Completed review of revised escrow and submitted final approved escrow to Borough on December 9, 2025.

Completed review of the Applicant's sanitary and stormwater HOP and performed a traffic review of the developer's HOP and LD plans and submitted comments on December 18, 2025.

Revised plans are currently under review for recording.

20. Montco 2040 Grant

Evaluating the updated program criteria and begin preparing a cost estimate for a Borough-wide Pedestrian Enhancements & Traffic Calming project. This would be based on the previously completed evaluations such as Washington & Walnut, Wyncote & Summit, etc. Assisted Borough Manager with completing the grant application, submitted on 3/3/2025.

Continuing to advance additional intersection layout options for the Linda Vista & Cheltena intersection. Preparing to advance final design and approvals.

21. Leedom Street & Shoemaker Avenue Flooding

Pennoni attended meeting with Borough on 2/24/25. Concept plan and cost estimate preparation currently under review.

22. Borough Wide Truck Restrictions Studies

There are 13 streets that have posted truck restrictions but no ordinance which makes the restriction not enforceable. **The Draft TE-109 PennDOT's Engineering and Traffic Study for Restrictions forms have been reviewed with Chief Scott and have been submitted to Manager Locke. The approved roads must be added to the municipal ordinance.**

23. 2025 Paving Program

Approval from the Borough Manager to move forward with the bidding out of the paving program on May 5, 2025. In the process of preparing scope and bid documents.

Bid opened on July 30, 2025. Award recommendation letter completed and sent to Borough on August 7, 2025. Council approved award of contract on August 27, 2025. Contracts received from Contractor and dropped off to Borough for signature on September 4, 2025. Signed contracts picked up from Borough September 9, 2025. Documents to be submitted to PennDOT for PennDOT project number. PennDOT project number received. Pre-Con meeting held on October 2, 2025. Pending contractor to start work.

Paving completed and contract payment and closeout in process

Pay App #1 and Final Quantities Adjustment Change Order #1 completed and sent to Borough on December 12, 2025. Project is in maintenance period beginning October 27, 2025 and will expire on October 27, 2027.

24. 2025 ARLE Grant Application

Due to PennDOT feedback noted in #8 above, we have assisted the Borough Manager in identifying a new eligible project for the ARLE grant application. We have coordinated with PennDOT and are awaiting feedback on the revised scope which includes traffic data collection to support the retiming of the York Road traffic signals. Also included in the scope is funding request to update the last three (3) intersections currently using loop detectors to radar, and signage and striping to install "Don't Block the Intersection" at York & Greenwood and York & West. The grant was finalized and submitted prior to the June 30th deadline. **No change since last update.**

25. Parking Inventory

We have begun preparing the existing conditions parking inventory as requested. This will identify how many parking spaces are available and their classification (permit, metered, no restrictions). **Provided comments for parking ordinance revisions.**

26. 2025 TASA Grant Application

We have begun preliminary efforts for a TASA Grant Application. We have scoped the project (Train Station Pedestrian Crossing) to include a new RRFB to replace the existing wig-wag flasher, raised

crosswalk, pavement markings, signage, and new ADA ramps. We have also held initial correspondence with SEPTA to confirm that they support the plan and that it is complimentary to future station upgrades. Completed the draft application on 9/5/2025 and attended a review meeting with stakeholders on 9/19/2025. **Grant was completed and submitted on October 31, 2025.**

27. 2025 Green Light Go Application

The Green Light Go Pre-Application Scoping phase opened. In coordination with Manager Locke, we have begun preparation of a scoping application for the Phase 2 traffic signal improvements for Walnut and Runnymede.

Assisted Borough Manager to finalize and submit scoping application prior to the January 2, 2026 deadline.

If you have any questions or comments, please do not hesitate to contact me. Thanks, Khal

BOROUGH OF JENKINTOWN

Ordinance No. 2026-1

**ORDINANCE APPROVING INTEREST ASSESSMENT, AND
ATTORNEY FEES AND COLLECTION FEES ADDED TO
THE AMOUNT COLLECTED AS PART OF UNPAID
MUNICIPAL CLAIMS FOR DELINQUENT SOLID WASTE
AND SEWER FEE ACCOUNTS**

WHEREAS, to be fair to all taxpayers and other residents of the Borough of Jenkintown (the “Borough”), it is necessary for the Borough to recover promptly unpaid, delinquent solid waste and sewer fee accounts (each, an “Unpaid Claim”), if necessary, by legal proceedings; and

WHEREAS, the Municipal Claims and Tax Liens Act, 53 P.S. § 7101, *et seq.*, as amended (the “Act”), provides a statutory framework for Municipalities to collect unpaid Tax Claims and Municipal Claims; and

WHEREAS, § 7101 of the Act authorizes a Municipality levying Taxes, Tax Claims, Tax Liens, Municipal Claims and/or Municipal Liens that become delinquent to recover the Charges, Expenses, Commissions and Fees incurred in the collection of the Unpaid Claims together with the applicable Unpaid Claim, provided that such Charges, Expenses, Commissions and Fees are approved by Legislative Action of such Municipality; and

WHEREAS, § 7106 of the Act requires that the applicable Municipality adopt by Ordinance a schedule of Attorney Fees for any Attorney Fees incurred in connection with the filing, preservation and collection of any Delinquent Account, including any Unpaid Claim; and

WHEREAS, the Borough has determined after due deliberation and investigation that it is in the best interest of the Borough to collect certain Unpaid Claims pursuant to the Act, and after careful review of the Attorney Fees and Collection Fees set forth in this Ordinance, to approve and adopt such Attorney Fees and Collection Fees pursuant to this Legislative Action in accordance with the Act.

NOW, THEREFORE, IT IS HEREBY ORDAINED, ENACTED AND ADOPTED BY THE COUNCIL OF THE BOROUGH OF JENKINTOWN AS FOLLOWS:

Section 1. Attorney Fees and Collection Fees to be Added to the Unpaid Claims.
The Attorney Fees and Collection Fees set forth below are hereby adopted, approved, and determined to be reasonable, including, without limitation, as contemplated by § 7106 of the Act. The Attorney Fees and Collection Fees set forth below shall be included and added to the applicable Unpaid Claims collected pursuant to the Act (such Unpaid Claims, the “MCTLA Unpaid Claims”) in an amount equal to the amount set forth in this Section 1.

(a) Attorney Fees.

Initial review and sending first legal demand letter	\$175.00
File Lien and prepare Satisfaction	\$250.00
Prepare Writ of Scire Facias	\$250.00
Prepare and mail letter under Pa. R.C.P. 237.1	\$ 50.00
Prepare Default Judgment	\$175.00
Research, prepare and obtain re-issued Writ	\$175.00
Prepare Praecipe to Amend	\$100.00
Prepare Motion to Amend	\$150.00
Prepare Motion for Alternate Service	\$250.00
Prepare Motion to Consolidate Claims	\$250.00
Amend claim to add United States as defendant	\$250.00
Prepare Writ of Execution	\$800.00
Preparation for sheriff's sale; review schedule of distribution and resolve distribution issues	\$400.00
Prepare Motion to Continue Sheriff's Sale	\$ 50.00
Prepare Petition for Free and Clear Sale	\$400.00

Notice of delinquent claim and fee shifting	\$ 40.00 per notice, plus applicable postage
Bookkeeping fee for payment plan of 3 months or less	\$ 25.00
Bookkeeping fee for payment plan of more than 3 months	\$ 50.00
Handling fee for returned check	\$ 25.00

In addition to the Collection Fees set forth under Section 1(b) above, the amount of out-of-pocket charges, costs, expenses, commissions and fees incurred in connection with the filing, preservation and collection of the MCTLA Unpaid Claims, including, but not limited to, prothonotary fees and charges, sheriff fees and charges, postage expenses, title search expenses, vehicle identification number (VIN) search expenses, skip tracing and/or other investigatory service expenses, and the costs, fees, charges and/or expenses arising out of any payment by any credit card, debit card or any other payment medium, are hereby approved and shall be included, upon incurrence, together with the applicable MCTLA Unpaid Claim.

Section 2. Interest. Interest will be assessed upon the MCTLA Unpaid Claims at a rate of 10% per annum and added to the MCTLA Unpaid Claims. The Borough is permitted to waive any interest on any MCTLA Unpaid Claim when the Borough or any attorney and/or third-party collector collecting the MCTLA Unpaid Claim believes, in its discretion, that such amount is *de minimis* or that the cost or burden of continuing collection outweighs the benefit of collecting the interest.

Section 3. Severability. Should any section, paragraph, clause, or phrase of this Ordinance be declared unconstitutional or invalid by legislation or a court of competent jurisdiction, the remainder of this Ordinance shall not be affected thereby and shall remain in full force and effect.

Section 4. Inconsistencies. All prior ordinances, resolutions and/or other official acts or parts thereof inconsistent herewith are hereby repealed to the extent of such inconsistencies.

Section 5. Capitalized Terms. Capitalized terms used herein but not defined herein shall have the meanings ascribed to such terms in the Act.

Section 6. Effective Date. This Ordinance shall take effect on the earliest date permitted pursuant to applicable law.

**DULY ORDAINED, ENACTED AND ADOPTED BY THE COUNCIL OF THE
BOROUGH OF JENKINTOWN THIS 5TH DAY OF JANUARY, 2026.**

BOROUGH OF JENKINTOWN

George Locke
Borough Manager/Secretary

January 1, 2026

Dear Plant Grant Applicant,

Thank you for your interest in our Plant Grants program. Please thoroughly review the terms and conditions of the grant below before completing the application. Be sure to complete all application sections and return it before the deadline.

Incomplete applications will not be accepted.

Program Description

The Plant Grants Program provides “starter gardens” comprised of native species to nonprofit organizations, educational institutions, and public agencies throughout the Delaware Valley that are engaged in community gardening, restoration, or beautification projects. Recipients may be awarded up to 100, mostly herbaceous plants, with limited shrubs and trees available.

Program Goals

- Educate the public about the ecological benefits of native plants
- Facilitate the transition to native landscapes on public and non-profit-owned lands
- Amplify the Preserve’s impact throughout the Delaware Valley

Eligibility

- Applicants must be a nonprofit organization, public agency, or educational institution
- **Project must be on public land, land owned by a nonprofit, or land owned by an education institution in the Delaware Valley** (see map on page 7).
- Applicants must have the ability to maintain the planting area for a minimum of three years
- **The property must be accessible to the general public.**
- **NEW! Recipients are encouraged to return cleaned pots to the Preserve to be recycled.**

Evaluation Criteria

Applications will be ranked and awarded based on the following:

- Eligibility of the applicant
- How well the project meets the goals of the program
- Project Location within the Delaware Valley
- Suitability of available plants for project conditions
- Audience served (with underserved populations taking priority)
- Quality of educational opportunity
- Long-term viability of the project
- New applicants will be given preference over those receiving grants last year or in multiple years so that we may reach a broader audience

Application Deadlines and Requirements

- Applications for fall Plant Grants will be accepted from 1/5/26 - 2/21/26
- **NEW!** For Spring 2026 Plant Grants, we will wait until the application period closes before selecting grant recipients.
- Please send inquiries and applications electronically to nursery@bhwp.org

Grantee Requirements

Grantees must sign a grant agreement with the Preserve agreeing to certain conditions, including the maintenance of the project area after completion, willingness to install a project sign (provided by the Preserve), educating the public on the nature of the project, and submitting a report on the project with before and after photographs.

Our Mission: *Bowman's Hill Wildflower Preserve increases the knowledge and use of native plants by serving as an educational resource and destination that inspires conservation action.* The Plant Grants Program supports the Preserve's mission by educating the public about the ecological value of native plants and assisting grantees in transitioning to native landscapes. As part of the agreement, grantees that use plants donated by the Preserve must highlight the benefits of planting native species through educational signs and/or through other interpretive activities.

***Required Fields**

*Name of Organization:			
EIN:			
*Organization Mission and Background:			
*Contact Person:			
*Email:		*Phone:	
*Mailing Address:	*City:	*State:	*Zip:
*Project Description (must include project location, size of area, sun exposure, soil moisture conditions, other environmental factors, time frame, <u>access to water</u>, and activities):			

***Educational Component** (include description of target audience and how the value of native plants will be demonstrated to the community):

***Care & Maintenance Plan** (e.g., site prep, planting, mulching, watering routine, weeding, etc.):

If awarded a Plant Grant from Bowman's Hill Wildflower Preserve, I hereby agree to abide by the conditions below:

1. I will recognize the Preserve's donation by installing the signage provided to me in a place visible to the public.
2. I will provide proper care for all plants received through the Plant Grants program of the Preserve for no less than three years after planting.
3. I will coordinate my order pick-up with the nursery manager or nursery coordinator.
4. I will return cleaned pots if they not utilized elsewhere.
5. I will develop an educational component that satisfies all the requirements of the Plant Grants application.
6. I will submit the attached report, including photographs, by email no later than May 31st of the following year.
7. I understand that spring grant applications will only be accepted from 1/1 - 4/30, pending funding availability.
8. I understand that fall grant applications will be only accepted from 7/1 – 8/31, pending funding availability.

***Please sign and date:**

Disclaimer: The Preserve reserves the right to substitute plants requested based on availability and site conditions.

**Please submit the final report on the next page no later than May 31st of the year after you receive your grant.
Please include the following information.**

- A list of the plants received, including quantities and an estimated survival rate for each species planted
- An overview of the site prep, planting, mulching, and who participated (i.e. volunteers, employees, etc.)
- An outline of the maintenance performed over the project's first year.
- Before and after photos of the project site and photos taken the following spring, after the plants have emerged from dormancy.
- Describe the educational component of your project, including the audience served and how the value of native plants was demonstrated to the community

If your organization does not submit a final report for your project within the specified time frame, you will not be eligible for future Plant Grants.

Final Report

Please submit no later than May 31st of the year after your grant was awarded.

Organization Name -

Contact Person -

Date you received your plants -

Date(s) plants were planted -

Is the sign we provided installed in a location that is visible to the public?

Planting

Please provide an overview of the site prep, planting, mulching, and who participated (i.e. volunteers, employees, etc.)

Care & Maintenance Plan

Provide an outline of the ongoing maintenance performed since the planting (watering routine, weeding, etc.)

Educational Component

Describe the audience served and how the value of native plants was demonstrated to the community

Please email your final report along with a copy of your plant list, before and after photos of the project site, and photos taken the following spring after the plants emerged from dormancy to nursery@bhwp.org. Subject line: Plant Grant final report

Before applying for a Plant Grant, please ensure your project location is located within the Delaware Valley as defined by the map below. Eligible counties are highlighted in blue.

Product and Services Description

FlockOS Features	Description
FlockOS Starter	FlockOS Starter provides real-time situational awareness for agencies without requiring a full RTCC. It includes access to privately funded live video and a real-time jurisdiction map, enabling resource allocation and response coordination without complex infrastructure or extensive IT requirements.
Flock Safety Solar Multi-Purpose LPR and Video Fixed w/ LTE Service	Law enforcement grade bundled standard range license plate recognition camera and live streamed solar powered fixed camera with 30 days of edge storage, with LTE. VMS included and server free. Installed and maintained by Flock Safety, turn key-no additional software or integrations required. with Vehicle Fingerprint [™] technology (proprietary machine learning software) and real-time alerts for unlimited users. AC power is also available if needed.
Professional Services - Bundle Implementation Fee	One-time Professional Services engagement. Includes site and safety assessment, camera setup and testing, and shipping and handling in accordance with the Flock Safety Standard Implementation Service Brief.
Flock Safety LPR, fka Falcon	Law enforcement grade infrastructure-free (solar power + LTE) license plate recognition camera with Vehicle Fingerprint [™] technology (proprietary machine learning software) and real-time alerts for unlimited users.
Solar Video Camera Fixed, fka Condor	Law enforcement grade live streamed Solar powered Fixed camera with 30 days of edge storage. VMS included and server free. Installed and maintained by Flock Safety, turn key-no additional software or integrations required. *Flock provided sim card camera is limited to 25 hours per month of live streaming.

MEMORANDUM

TO: Jenkintown Borough Council

FROM: Jenkintown Borough Planning Commission

DATE: 9 January 2026

RE: Letter of Support for Proposed SPS Technologies Greenway and Trail Concept

Dear Members of Borough Council,

Considering that Jenkintown Borough has virtually no significant open space of its own; regional trail and greenway development and access is especially important to the health, recreation, and mobility of Borough residents and is consistent with the goals of the Jenkintown 2035 Comprehensive Plan.

The SPS Technologies property is in Abington Township at the intersection of Jenkintown Borough, Cheltenham Township, and Abington Township, with the Tookany Creek forming two edges of the site. A multi-municipal advocacy group representing these three communities and supported by the Pennsylvania Environmental Council, the Bicycle Coalition of Greater Philadelphia, and the Circuit Trails Coalition, has developed a Greenway and Trail concept proposal and presented it to a representative of SPS Technologies for consideration.

The concept proposal envisions a right-of-way for a trail beginning at Highland Avenue along the western edge of the SPS property that would be wide enough to qualify for grant funding. This right-of-way would follow a proposed trail alignment extending to the eastern edge of the site while following Tookany Creek and setback at a mostly level section suitable for a trail. The concept proposal also envisions a wide easement for a tree-lined Greenway and Riparian Forest Buffer along the southeastern edge of the property facing Jenkintown Borough. Importantly, the concept is structured to qualify for external grant funding, which could significantly offset design, construction, and long-term maintenance costs while minimizing financial exposure for SPS. The proposed easement would provide a meaningful Greenway setback from Tookany Creek, supporting watershed protection while enhancing public access and regional trail connectivity.

The Jenkintown Borough Planning Commission reviewed the multi-municipal advocacy group's conceptual proposal at its public meeting on December 16, 2025. The Planning Commission unanimously voted in support of this direction and respectfully requests that SPS Technologies consider the conceptual plan and work collaboratively with the community and the multi-municipal advocacy group. The Jenkintown Planning Commission believes this proposal represents a significant community benefit, advances watershed-focused greenway initiatives, and strengthens the regional trail network. We appreciate SPS Technologies' willingness to consider this opportunity and to have a multi-municipal and community driven dialogue with its design team.

The Planning Commission requests that this letter be read into the record at the next Jenkintown Borough Council meeting where business is discussed and asks Borough Council to review the same community-driven Greenway and Trail conceptual proposal and consider issuing a similar letter in support of this initiative.

Sincerely,

Jenkintown Borough Planning Commission

Lucinda Bartley
Rob Ghormoz
Eric Horowitz, Secretary
Jon McCandlish, Chair
Allison Shertzer

Attachment: Greenway and Trail concept proposal as presented to SPS Technologies.

An aerial photograph of an urban area featuring a creek, a paved trail, and railroad tracks. The image is used as a background for a text overlay. The text is arranged in two main sections: a large title at the top and a descriptive paragraph below it. The title is in white text on a black background, while the paragraph is in black text on a white background. The background image shows a mix of greenery, paved paths, and industrial elements like train tracks and a building.

Tookany Creek @ SPS: Restoring, Reconnecting, Reimagining

Revitalizing the creek corridor with green infrastructure,
restored habitat and a new community trail link.

Abington

Voices of the Community

Problems

- Poor ecology along the Tookany Creek
- Inconsistent streambank stabilization
- Lack of healthy, accessible natural environment along creek
- No access to rear of property

Opportunities

- Redevelopment provides opportunity for green innovations
- Improve ecology at headwaters of Tookany Creek watershed
- Rear of property access to aid in future response mitigation
- Redevelopment may provide opportunities to achieve MS4 credits

Solution Ideas

- Green Stormwater Infrastructure
- Pollutant reduction, water quality improvements
- Neighbor accessibility to Green Space via trails
- Other Abington Twp MS4 solutions

An aerial photograph of Jenkintown, Pennsylvania, showing a mix of residential neighborhoods, a creek, and industrial areas. The image is used as a background for the presentation slides.

Jenkintown

Voices of the Community

Problems

- Poor visual aesthetic at rear of Runnymede residential properties
- Lack of healthy, accessible natural environment along creek

Opportunities

- Convert the rear of the SPS property from an industrial border to a neighborhood-facing green asset
- Create alignment/feeder trail to Circuit Trails

Solution Ideas

- More trees please!
- Green Screen techniques
- Neighbor accessibility to Green Space via trails

Cheltenham

Voices of the Community

Problems

- Volume of stormwater discharge into Tookany Creek from SPS
- Quality of stormwater discharge into Tookany Creek from SPS

Opportunities

- Reduced stormwater volume
- Reduced stormwater pollutant/sediment
- Create alignment/feeder trail to Circuit Trails

Solution Ideas

- Consider Green Stormwater Infrastructure (GSI) techniques
- Consider wetland recovery, riparian buffer & streambank stabilization techniques
- Introduce a trail to the SPS property

A photograph of a person walking away from the camera on a dirt path through a dense forest. The path is light brown and covered with fallen pine needles. The trees are tall and green, with sunlight filtering through the canopy. The person is wearing an orange shirt and has a black bag strap over their shoulder.

For SPS

Opportunities for the company

- Improved employee health & wellbeing
- Increased employee attraction
- Building goodwill with neighboring municipalities

Value to employees

- Improved employee health & wellbeing
- Safe pedestrian access to Abington, Jenkintown & Wyncote
- Local employee pride

An aerial photograph showing a train yard with multiple tracks. A train is moving along one of the tracks. To the left of the tracks is a long row of empty freight cars. A river flows through the landscape, bordered by trees with autumn foliage. In the background, there are industrial buildings and a parking lot with several vehicles.
